

info

Elegance and multipurpose use A creation to harmonize with architecture in contemporary buildings, we need a fresh look for matching the furniture with interior. Different colors and finishes, a variety of structures make Info a multipurpose model. Fabrics and leathers, are all our options especially the cafeterias, seminar halls are perfectly furnished with this elegant model.

Simple mono
block shell
turned to an
upholstery
success thanks
to atelier
deberenn's craft
quality. The
sewing lines on
the foam are not
only giving the
chair a nice look
but also adding to
its comfort level.
The combination
of the strength
of plywood and
the high density
foam, makes Info
a correct chair for
durability needs.
