

moda

A simple invitation to sit down Reduced to the simplest expression
This object evolves in the middle of a space as playful and simple seating element
which distinguishes itself in both color and material. Basic cubic and circular shapes blend with
almost any architectural environment. You can therefore use Moda for highly versatile applications.

The basic seating need is solved with a basic design. Moda's basic square and circular shapes with limited standard sizes can be ordered with or without wheels. The simple plywood and beech structure makes Moda an easy product for custom solutions not only for waiting lounges but also for staff resting areas. Moda provides comfortable breaks.
